

## Memorandum

To : All Agency Members

From : Chua Hoi Wai   
Business Director, PI

Re : Consultation Meeting on Statistical Profile on the Situation of Women and Girls in Hong Kong

Date : September 21, 2010

.....

In 2005, the Council embarked on a research to create a statistical profile on the situation of women in Hong Kong. The published report has proved to be very useful for agency members and other local organizations working for the promotion of status of women in Hong Kong.

To further the past effort, the Council would like to update the profile. In addition to data update, we would also like to expand the coverage to a number of important areas which were not covered in the previous report. In order to ensure the research framework reflects the real concerns of related organizations and the community, we would like to conduct a consultation session with organizations which are either providing services for women and girls in the community or are interested in the promotion of the rights of women and girls. Details of the consultation session are as below:

Date : October 7, 2010  
Time : 3:00pm  
Venue : Room 202, 2/F, Duke of Windsor Social Service Building,  
15 Hennessy Road, Wanchai, Hong Kong

You are invited to take part in the consultation meeting to give your opinion to a draft data framework, which will be sent to the registered participants the day before the session. Please fill in the attached reply slip and send it to Mr William Chow at 2864 2999. For enquiry, please contact Mr Anthony Wong at 2864 2961.

We look forward to your active participation.
