面對人口高齡化、社會需求日益複雜及經濟轉型的考驗，社聯繼續發揮「跨界別平台」的角色，緊密凝聚機構會員及各界持份者，以靈活創新的思維與務實行動回應社會變遷，為香港締造長遠福祉。

本年度，社聯大力推動「科技公益」，引領業界邁向數碼轉型，為各項社會議題注入創新解決方案。「S+ 高峰會 2026」以「科技公益領航 - 智善共創未來」為主題，吸引逾 700 名跨界代表參與，共議善用人工智能（AI）與大數據分析精準對接需求、優化服務效益。第九屆「樂齡科技博覽暨高峰會」展出近 1,000 款創新產品；「樂齡展耀通」計劃更結合一站式遙距復康訓練與數碼健康管理，惠及逾 5,000 名長者及近 500 名專業同工。此外，我們為機構研發專屬 AI 工具並提供網絡安全評估，協助逾 60 間社福機構打穩數碼轉型根基。

跨界別協作是社聯應對突發危機與急切需求的關鍵力量。大埔宏福苑火災發生後，社聯迅速動員機構會員、跨界持份者及「商界展關懷」網絡籌集資源，除了支援受影響居民入住過渡性房屋，亦積極投入社區復元工作。關注到青年精神健康，我們推出「默密傾」網上支援計劃並發表文憑試（HKDSE）考生心理研究；因應人口結構轉變與基層住屋需求，我們發布照顧者生死素養研究、深化對獨居現象的關注，並配合《簡樸房條例》的實施建立跨機構交流平台，確保弱勢社群獲得及時與妥貼的支援。

社聯積極配合香港與大灣區發展，促進區域間的深度交流與服務標準對接。我們成功推動「照護食」通用要求納入「灣區標準」，並與特區政府首度合辦「銀髮高峰會」，匯聚大灣區及國際代表，共同構建樂齡科技與銀髮經濟生態圈。年內，我們主辦第十三屆「全國藥物濫用防治研討會」，並組織多個大灣區考察交流團進行雙向互動，開拓區域合作新空間。

面對資源優化的挑戰，社聯透過各項培訓計劃、非政府機構管治支援及集體採購平台等項目，全方位提升業界的營運效率與抗逆力。

展望未來，社聯將繼續以共創為引擎、科技為工具、協作為紐帶，與政府、業界及社會各界攜手同行，共建一個具韌性、包容及可持續發展的關愛香港。

Amid an ageing population, increasingly complex social needs, and economic restructuring, the Hong Kong Council of Social Service (HKCSS) continues to serve as a pivotal cross-sector platform. By unifying agency members and stakeholders across sectors, we respond to societal shifts with agility, innovative thinking, and pragmatic action—steadfast in our commitment to building sustainable well-being for Hong Kong.

This year, HKCSS actively championed "Tech for Good", leading the sector to accelerate digital transformation and infusing innovative solutions into pressing social challenges. Under the theme "Navigating the Future – Tech for Good & Co-creation," the "S+ Summit 2026" convened over 700 cross-sector leaders to explore how artificial intelligence and big data analytics can precisely match community needs and maximize service impact. "The 9th Gerontech and Innovation Expo cum Summit" featured nearly 1,000 innovative solutions, while the "SilverConnect" project combined one-stop tele-rehabilitation training with digital health management, benefiting over 5,000 seniors and nearly 500 professionals. Additionally, we developed customized AI tools and conducted cybersecurity assessments for agency members, laying a solid foundation for over 60 NGOs to navigate digital adoption.

Cross-sector collaboration is HKCSS's core strength in responding to sudden crises and urgent social needs. In the aftermath of the Wang Fuk Court fire in Tai Po, HKCSS swiftly mobilized agency members, cross-sector partners, and the Caring Company network to pool resources. Beyond placing affected residents in transitional housing, we actively drove long-term community recovery efforts. Addressing youth mental health, we launched the "Secret Chat" online support initiative and published research on HKDSE students' psychological well-being. In response to demographic changes and grassroots housing demands, we released studies on carers' death literacy, deepened our focus on solitary living, and established a cross-agency platform in alignment with the implementation of the Basic Housing Units Ordinance, ensuring timely and holistic support for vulnerable groups.

HKCSS actively aligns with the broader development of Hong Kong and the Greater Bay Area (GBA), promoting deep regional exchanges and the harmonization of service standards. We successfully integrated 'Care Food' common requirements into the GBA Standards and co-organised the inaugural "Silver Summit" with the HKSAR Government, bringing together GBA and international leaders to cultivate an ecosystem for gerontechnology and the silver economy. During the year, we hosted the "13th National Seminar on Drug Abuse Prevention and Treatment" and organised GBA exchange delegations for two-way dialogue, unlocking new avenues for regional cooperation.

Navigating resource optimization, HKCSS enhanced operational resilience and efficiency across the sector through various training initiatives, NGO governance support, and collective procurement platforms.

Moving forward, we will continue to use co-creation as our engine, technology as our tool, and collaboration as our bond—partnering with the Government, the social service sector, and the wider public to cultivate a resilient, inclusive, and sustainable caring Hong Kong.

香港賽馬會院舍主管關愛領袖培訓計劃

社聯獲香港賽馬會慈善信託基金捐助，推行「香港賽馬會院舍主管關愛領袖培訓計劃」，提升安老及殘疾人士院舍主管的管理與領導能力，推行「以人為本」的照顧及工作文化。截至 2026 年 3 月，逾 160 位主管完成兩屆共 50 小時的培訓課程。本屆特別新增「組爸、組媽」導師機制，由首屆學員回饋交流、傳承經驗。為鞏固學習效果，計劃於 2025 年 9 月及 2026 年 3 月帶領逾 45 位主管赴中國台灣及上海考察，借鑑多元照顧與管理經驗，為本地服務注入新動力。此外，計劃積極凝聚「院舍共享平台」，促進業界知識共享與交流。截至 2026 年 3 月底，平台聯合學員舉辦逾 25 場涵蓋實務管理、知識共享及社區共融的分享會、參訪與工作坊，累計逾 800 人次參與，有效鞏固同工互助網絡，攜手推動服務發展。

推動「照護食」發展

社聯持續與社福界、醫護界、學術界及餐飲業等不同持份者合作，推動照護食生態系統發展，促進吞嚥友善社會。自 2025 年《適老易食食品（適老照護食）通用要求》正式納入「灣區標準」後，樂見越來越多業界伙伴採用照護食灣區標準，共同提升照護食的質素及認受性，讓更多有吞嚥困難人士受惠。年內，社聯持續推廣照護食至社區，承接過往「照護食種子餐廳計劃」的成果，推出「照護食餐廳計劃」，鼓勵餐飲業界參考國際吞嚥障礙飲食標準（IDDSI）研發及提供照護食餐膳，擴展吞嚥友善餐廳網絡。目前，全港已有超過 200 間餐廳參與計劃，提供照護食選擇，讓有吞嚥或咀嚼困難人士能安心外出用膳，與親朋好友共享同枱共膳的時光。

長者友善及認知障礙症工作

因應人口高齡化及認知障礙症患病率上升的挑戰，社聯多管齊下推動長者友善及認知障礙症友善社區的建設。在政策與服務規劃方面，社聯參考世界衛生組織《全球認知障礙症公共衛生應對行動計劃》，擬訂了本港「認知障礙症行動計劃」初稿。年內舉辦了多場諮詢會，就照顧規劃、保護長者財產權益、基層醫療早期識別、以人為本照顧模式、照顧者支援及實證研究等議題廣泛收集持份者意見，最終版本的行動計劃將於 2026 年第三季正式發布。此外，在居住及社區環境方面，為配合《施政報告》便利長者生活的政策，屋宇署正檢討《設計手冊：暢通無阻的通道 2008》以推動通用設計。顧問團隊接納

The Hong Kong Jockey Club Home Manager Caring Leadership Training Scheme

The Council, with funding from The Hong Kong Jockey Club Charities Trust, operates the "Home Manager Caring Leadership Training Scheme" to enhance the management and leadership skills of residential home managers for older persons and persons with disabilities, driving a person-centered culture of care and workplace practices. As of March 2026, over 160 managers have completed two cohorts of the 50-hour training course. This cohort introduced a peer-mentorship initiative, engaging first-cohort alumni as mentors to facilitate classroom exchanges and pass on valuable experience. To reinforce learning, the Scheme led over 45 managers on study visits to Taiwan, China in September 2025 and Shanghai in March 2026 to learn from diverse care models and management practices, bringing fresh momentum to local services. Additionally, the Scheme actively strengthens the cohesion of the "Residential Care Co-Platform" to facilitate professional knowledge sharing and exchanges. As of late March 2026, the Co-Platform has collaborated with trainees to organize over 25 professional sharing sessions, visits, and workshops focusing on practical management, knowledge sharing, and community inclusion. Attracting over 800 participants in total, these activities have successfully united industry peers, strengthened mutual support networks, and jointly driven the development of residential care services.

Promoting "Care Food"

HKCSS continued to collaborate with stakeholders from the social welfare, healthcare, academic, and catering sectors to advance the development of the Care Food ecosystem and promote a more inclusive dining culture. Following the inclusion of the "General Requirements of Easy-to-eat Food for Older Adults (Care Food for Older Adults)" in the list of Greater Bay Area (GBA) Standards in 2025, wider adoption of the Care Food GBA Standard across the industry has been observed. The Standard provides a unified reference for the development and provision of Care Food, benefiting people with dysphagia while supporting the sustainable development of the Care Food industry. Throughout the year, the Council continued to promote Care Food in the community. Building on the success of the Care Food Seed Restaurant Program, the Council launched the Care Food Restaurant Scheme, encouraging restaurants to develop and provide Care Food dishes with reference to the International Dysphagia Diet Standardisation Initiative (IDDSI) framework. The Scheme has expanded the Swallowing-Friendly Restaurant network to over 200 dining outlets across Hong Kong, enabling people with dysphagia or chewing difficulties to dine out with confidence and enjoy shared dining experiences with their families and friends.

Age-Friendly and Dementia-Care Initiatives

In response to Hong Kong's ageing population and the rising prevalence of dementia, HKCSS adopts a multi-pronged approach to foster age-friendly and dementia-friendly communities. On policy and service planning, HKCSS formulated the draft "Dementia Action Plan", referencing the World Health Organization's global framework to guide future strategies. Stakeholder consultation sessions were conducted this year, covering key areas such as care planning, safeguarding financial

了社聯建議，於《手冊》中新增「認知障礙症友善設計」作為推薦指引。社聯亦與屋宇署合辦諮詢會，邀請逾 60 名服務提供者及長者交流建言；屋宇署將納入相關建議修訂《手冊》，其中強制性要求將於本年度提交立法會審議。

香港第三齡學院「智享生活 安居樂齡」

為鼓勵長者了解樂齡科技的實際應用並提升家居安全意識，由港燈百週年紀念基金贊助、社聯統籌的香港第三齡學院（U3A）於 2025-26 年度以「智享生活 安居樂齡」為主題舉辦中央學長培訓課程，協助第三齡人士掌握樂齡科技、家居安全、急救知識及節能環保等實用資訊，推動健康、安全及可持續的晚年生活。 課程結合科技硬件應用與知識培訓，從日常生活需要出發，讓長者了解樂齡科技產品如何支援居家安老，提升生活便利與安全。同時，課程加強了長者對家居風險的認識，並透過急救培訓提升突發健康狀況的應變能力，讓長者能在安全的居住環境中更有信心地自主生活。「智享生活 安居樂齡」中央學長培訓課程不僅提升了長者對科技與安全的認知，更裝備第三齡人士將所學應用於日常生活及社區中，鼓勵他們與時並進，攜手建構優質樂齡生活。

遠程復康訓練及數碼健康管理

隨着人口高齡化及居家照顧需求增加，「樂齡展耀通」計劃結合一站式「遠程復康訓練平台」與樂齡科技，採用三層健康管理模式，協助長者及早識別健康風險、建立健康習慣，並提升照顧者的信心與能力。計劃與地區機構協作，推行免費健康評估、社區外展及跟進訓練，實踐「早發現、早介入」。同時，計劃引入遠程復康及數碼健康工具，支援治療師將科技融入訓練，增加長者居家訓練機會，提升參與度與治療成效。截至 2026 年 3 月，共有 18 間機構參與，舉辦逾 100 場外展及評估活動，為逾 5,000 名 60 歲或以上長者提供數碼健康管理服務。此外，計劃向逾 2,000 名照顧者分享健康知識，並透過 20 多場工作坊，為近 500 名專業同工提供技術培訓。未來，計劃將繼續推廣遠程復康於社區及家居的應用，突破時空限制，讓照顧更靈活自主，促進居家安老與居家復康發展。

rights, early detection via primary healthcare, person-centred care models, caregiver support, and evidence-based research. The finalized Dementia Action Plan will be published in Q3 2026. Moreover, regarding physical and community environments, to support Policy Address initiatives, the Buildings Department is reviewing the Design Manual: Barrier Free Access 2008 to advance universal design. Addressing the needs of persons with dementia, the consultancy team adopted HKCSS's proposal to introduce a new chapter on Dementia-Friendly Design as recommended guidelines. The Council co-organised a consultation session with over 60 service providers and older adults to gather input for the Buildings Department, whose finalized mandatory requirements will be submitted to the Legislative Council for endorsement within this year.

University for the 3rd Age (U3A) "Smart Living · Ageing in Place" Central Course Programme

Sponsored by the Hong Kong Electric Centenary Trust and coordinated by the Council, the University for the 3rd Age (U3A) launched the "Smart Living · Ageing in Place" Central Course Programme in 2025-26. The programme encourages seniors to embrace gerontechnology and home safety, equipping third-age learners with practical knowledge in gerontechnology, home safety, first aid, energy conservation, and environmental protection to promote a healthy, safe, and sustainable later life. Integrating hardware applications with practical knowledge, the programme addresses seniors' daily needs, helping them understand how gerontechnology supports ageing in place while enhancing safety and convenience. Additionally, first-aid training and safety workshops enhance their risk awareness and emergency response capabilities, empowering seniors to live independently with confidence. The programme not only enhances seniors' awareness of technology and safety, but also equips third-age learners to apply their knowledge in their daily lives and communities, encouraging them to keep pace with modern developments and jointly build a safer, healthier ageing society.

Telepractice and Digital Healthcare Management

In response to population ageing and growing home-based care needs, the "SilverConnect" programme combines a one-stop Telepractice Platform with gerontechnology. Adopting a three-tier health management model, it helps older adults identify health risks early, build healthy habits, and boosts carers' confidence and capabilities. Collaborating with local partners, the programme provides free health assessments, community outreach, and follow-up training to practice "early detection, early intervention." It also introduces telepractice and digital health tools to support therapists in integrating technology into rehabilitation, increasing home training opportunities to enhance engagement and therapeutic outcomes. As of March 2026, 18 organizations have joined the programme, hosting over 100 outreach and assessment activities to serve over 5,000 older adults aged 60 or above. Additionally, health management knowledge was shared with over 2,000 carers, and technical training was delivered to nearly 500 professionals across 20+ workshops. Looking ahead, the programme will continue expanding telepractice in community and home settings—overcoming temporal and spatial limits to provide flexible, self-directed care and advance ageing in place and home rehabilitation.

One-stop Gerontechnology Education and Rental Service

The second phase of the Jockey Club "age at home" Gerontech Education and Rental Service (JCAGERS) has progressed steadily this year. To provide service users with more diverse options, the project has actively introduced advanced gerontech products, including the highly popular walking-assistive robots (exoskeletons) and non-invasive glucose monitors, effectively enhancing users' quality of life and self-care capabilities.

As the organizer of JCAGERS, the Council has continued to deepen cross-sector collaboration this year by further promoting the "Community Care Service Voucher (CCSV) Scheme – Assistive Technology Product Rental Service." We have sustained close partnerships with over 30 Recognized Service Units, enabling CCSV-holding elderly individuals to conveniently rent equipment, thereby optimizing social resources to support ageing in place.

To enhance the accessibility of gerontech, the project has established over 170 district rental service outlets across Hong Kong this year, encompassing District Elderly Community Centres, Neighbourhood Elderly Centres, hospitals, District Services and Care Teams, Integrated Home Care Services Teams, and District Health Centres. By building a comprehensive and close referral mechanism, we have successfully forged a robust community network, making it much easier for citizens to access appropriate services right in their neighbourhoods and further promoting the widespread application of gerontechnology in the community.

eRentebuy Gerontech Platform & Trade Fair

The "eRentebuy Gerontech Platform" continued to promote the adoption and accessibility of gerontechnology within the social welfare sector. Through the platform and the Gerontech Trade Show 2025, the project successfully fostered collaboration between NGOs and technology suppliers. The platform recorded over 400,000 website page views, demonstrating strong market interest in gerontechnology solutions. During the year, 18 NGOs were successfully matched with technology providers, while 30 new Mainland gerontechnology suppliers were introduced to the Hong Kong market. These achievements expanded the local gerontechnology ecosystem and provided NGOs with greater access to innovative and cost-effective solutions for enhancing elderly care services and operational efficiency.

社會福利機構網絡安全

為提升社福界對網絡安全的認識及應對能力，項目舉辦了「社會福利機構網站安全評估及網絡保安」分享工作坊，內容涵蓋社福機構常見網站安全漏洞、最新網絡保安趨勢，以及管理外判資訊科技服務供應商的良好實踐，協助機構建立更完善的資訊保安管理機制。此外，參與機構可獲香港互聯網註冊管理有限公司（HKIRC）提供免費網站安全掃描及評估報告。年內共有超過 60 間社福機構參與網站安全評估計劃，當中識別出 10 間高風險機構，並安排後續諮詢及改善建議，協助機構降低潛在網絡風險及加強網站安全防護能力。

Tech Enablement Project

The Project was designed to support NGOs in leveraging artificial intelligence to enhance service delivery and organisational effectiveness. In collaboration with two technology companies, the project developed three AI-powered solutions tailored to the needs of the social welfare sector, including an AI chatbot powered by welfare sector knowledge documents, AI writing tools, and AI workflow automation solutions. To promote sector-wide adoption, two sharing sessions were organised to demonstrate practical use cases and showcase how AI can improve service outcomes, strengthen data utilisation, and facilitate collaboration between technology professionals and NGOs. More than 20 NGOs participated in pilot trials and adoption activities, while over 100 staff members received training on AI applications, contributing to the sector's digital transformation and AI readiness.

Cybersecurity for Social Welfare Organisations

To strengthen cybersecurity awareness and resilience within the social welfare sector, the "Website Security Assessment and Cybersecurity for Social Welfare Organisations" Sharing Workshop was organised. The workshop covered common website vulnerabilities, the latest cybersecurity trends, and best practices for managing outsourced IT service providers, helping organisations establish stronger information security governance. Participating organisations were also offered a free website security assessment and diagnostic report provided by the Hong Kong Internet Registration Corporation (HKIRC). More than 60 NGOs joined the website security assessment programme, resulting in the identification of 10 high-risk organisations that subsequently received follow-up consultation and recommendations for improvement. The project enhanced sector-wide cybersecurity preparedness and supported NGOs in proactively addressing potential security risks.

晚期照顧

社聯發佈《照顧者生死素養研究報告》指出本港照顧者在面對照顧安排時普遍感到壓力沉重，且「生死素養」水平不高，對晚期照顧相關知識及資源認識不足，增加他們照顧工作的挑戰。在人口高齡化的情況下，社聯提出四大政策方向，包括建立生命管理政策框架、強化照顧者支援系統、改善財務支援及規劃工具、以及提升社區照顧能力。為推廣晚期照顧，社聯與 30 間社福機構、社企、以及其他界別團體一起籌辦「生死教育關懷友善雙週 2025」，推出不同的晚期照顧相關的活動，促進香港的生死教育。同時，舉辦全港的「從劃到不惑」生命顧事主題日，推動社會對生命管理的關注，令長者、有不可逆轉疾病的人及照顧者及早建立照顧規劃，減少晚期照顧的困惑。為進一步將「關懷友善社區」在地化，社聯透過實地探訪、國際交流、和設計思考工作坊，與社區團體設計合適的「關懷友善社區」行動。

人口結構

社聯長期關注人口轉變對社會服務以及其他範疇的影響。本年度聚焦外來人才移入以及一人住戶。本會探討政府輸入人才計劃自 2022 年底改革後的影響，出版了《社聯政策報》，並於 2026 年 3 月舉辦「引才育才，布局未來」討論會。內地高才家庭普遍欣賞本地的教育制度和社會環境，但面對就業及融入的挑戰。服務機構及學者提出須破除人才和本地群體之間的隔閡，亦要善用和鞏固香港的制度和文化優勢，容讓來港人才發揮所長，同時要着重培育本地人才，應對人才競爭和科技創新的挑戰。

社聯在 2026 年 3 月舉辦「解鎖：我的獨居連結故事」展覽，並舉辦「探討高齡化社會下家庭結構變遷與獨居現況分享會議」，首次把獨居議題帶進社會服務界別及公眾討論。在分享會議上，來自韓國的學者分享當地政府把支援獨居人士的策略定位為應對社交孤立，來自新加坡的長者服務機構代表則分享如何善用科技監測獨居長者健康和活動，協助他們自主生活，他們與香港特區政府勞工及福利局副局長及本地社會服務界代表深入交流，互相取經。

End-of-Life Care

Research Report on "Life and Death Literacy of Carers" was released. Findings revealed that carers in Hong Kong generally experienced heavy stress when making care arrangements. Their level of "life and death literacy" was low. Also, the lack of knowledge and resources regarding end-of-life care further exacerbated their caregiving challenges. In response to the ageing population, we proposed four major policy directions: establishing a policy framework for life management, strengthening the carer support system, improving financial support and planning tools, and enhancing community care capacity. To promote end-of-life care, the Council collaborated with 30 NGOs, social enterprises, and organizations from other sectors to organize the "Compassionate Fortnight 2025", launching various end-of-life care activities to promote life and death education in Hong Kong. Meanwhile, we hosted the territory-wide "From Planning to Life Awareness" to raise public awareness of life management, encouraging older adults, individuals with irreversible illnesses, and carers to make care plans early and reduce confusion regarding end-of-life care. To localize the concept of "Compassionate Community", we worked with community groups through field visits, international exchanges, and design thinking workshops to design suitable "Compassionate Community" initiatives.

Demographic structure

The Council continued to pay attention to the impact of demographic shifts and its implications to social services and other domains. This year's focus was on incoming talent integration and single-person households. HKCSS examined the impacts of the government's talent admission scheme reforms since late 2022, published the HKCSS Policy Bulletin, and hosted a discussion forum on "Attracting and Nurturing Talent: A Blueprint for the Future" in March 2026. While Top Talent Pass families from the Mainland generally appreciated Hong Kong's education system and social environment, they faced employment and integration challenges. Service agencies and scholars suggested breaking down barriers between incoming talents and local communities, leveraging and consolidating Hong Kong's institutional and cultural advantages to allow incoming talents to maximize their potential, while placing equal emphasis on nurturing local talent to address challenges in talent competition and technological innovation.

The Council held an exhibition entitled "Unlock: My Story of Solo-Connected-Living" in March 2026, and hosted the "Conference on Changing Family Structure and Solo Living in Aging Society", bringing the issue of living alone into social service sector and public discussions for the first time. In the session, a scholar from South Korea shared the government's strategy of positioning support for single dwellers to combat social isolation, while a representative from an elderly service organisation in Singapore shared insights on using technology to monitor the health and activity of solo-living seniors to support independent living. Both speakers engaged in deep exchanges with the Under Secretary for Labour and Welfare of the Hong Kong Special Administrative Region Government, and representatives from the local social service sector.

在職成人精神健康

社聯持續關注在職成人嚴峻的精神健康挑戰。研究指香港約 10-20% 在職成人有焦慮症狀，30% 成人面臨情緒困擾。因認知不足、社會污名、費用高昂等原因，他們極少尋求專業服務。為應對此局面，社聯出版第四十期政策報《何處是在職心靈的共感場所？》，探討如何建構更具承托力的心靈安全網。報告提出將精神健康支援融入日常生活的多元場景，支援有情緒困擾的在職成人，這些生活場境涉及企業、藥房、教會、寺院、運動及瑜伽場所、藝術場所、中醫診所。當中的從業員雖非專業輔導員卻能為職成人提供緩解情緒、聆聽與陪伴的窗口。為此，社聯倡議跨界別協作，推動企業採購僱員支援服務（EAP）、打通公私營轉介機制、加強非專業助人者培訓，共同建構一個更具韌性、包容的支援型社會，提升在職成人的心靈健康與社會整體福祉。

社會房屋提供的支援

2025 年 11 月底，大埔宏福苑發生嚴重火警，超過 1,500 戶居民一夜之間失去居所。社聯隨即於事發後主動聯繫多個過渡性房屋營運機構，統籌及整合現有房屋資源和相關資訊，並積極配合政府的支援措施，包括協助安排受影響的居民入住過渡性房屋的空置單位。同時，每日更新各過渡性房屋項目的空置單位資訊，協助有需要的居民盡快尋找合適居所。

此外，自《簡樸房條例》正式實施，本會轄下三個過渡性房屋項目陸續接獲受條例影響住戶的查詢及申請。為深入了解住戶所面對的困難與需要，社聯出席由關注團體和立法會議員舉辦的會議，與居民、服務隊及過渡性房屋營運機構交換意見，了解條例實施後對基層住戶的影響。同時，建立了跨機構交流平台，促進日後協作及個案跟進工作，協助受影響住戶及早獲得適切支援及穩定居所。

「政策研究及倡議會議」

社聯舉辦年度研究及倡議會議，以「人本未來：以未來心智及數據思維驅動的組織轉型及服務發展」為主題，探討科技及數據應用，應對未來服務發展的挑戰。大會特別邀請了 10 位來自學術界、社福界及商界的嘉賓進行跨界別分享。會議分「機構轉型」及「數據洞察」的環節。會議嘉賓分享在數碼轉型中所遇到的契機及痛點，並強調推行數碼轉型須領導層的支持，訂立數碼政策，以及凝聚機構同事的支持。數碼轉型不是一次性，亦需考慮可持續性。專家們亦從年度大數據剖析社會趨勢，包括在銀髮經濟下長者在數碼支付的消費模式、未來人才的關鍵技能要求、香港的自殺趨勢等等。面對香港社會、經濟、人口結構及科技的變化，社福界須積極轉型，利用數據補足未來服務需求及設計服務，並要提昇同工在實踐研究及數據應用的素養。

Mental Health of Working Adults

The Council continued to address the mental health challenge faced by working adults. Studies indicated that approximately 10–20% of working adults in Hong Kong had experienced anxiety symptoms, while 30% faced emotional distress. Due to insufficient awareness, social stigma, and high costs, very few had sought professional service support. To address this situation, we published the 40th issue of the Policy Bulletin, titled "Where is Soulful and Empathy Space for Working Adults?", exploring how to build a more supportive socio-psychological safety net. The report proposed integrating mental health support into diverse everyday life settings to support working adults experiencing emotional distress. These settings could include corporations, pharmacies, churches, temples, sports and yoga venues, art spaces, and Chinese medicine clinics. Although practitioners in these fields were not professional counsellors, they could serve as accessible first contacts offering emotional relief, listening, and companionship to working adults. We advocated cross-sector collaboration to promote corporate procurement of Employee Assistance Programs (EAP), connect public-private referral mechanisms, and enhance training for non-professional helpers to jointly build a more resilient and inclusive supportive society, thereby enhancing the mental wellness of working adults and overall societal well-being.

Support Provided by Social Housing

In late November 2025, a severe fire broke out at Wang Fuk Court in Tai Po, leaving over 1,500 households displaced overnight. Immediately following the incident, HKCSS proactively contacted multiple transitional housing operators, coordinated and consolidated available housing resources and relevant information, and actively complemented government support measures, including assisting affected residents in moving into vacant transitional housing units. Additionally, HKCSS provided daily updates on information of vacant unit across transitional housing projects to help residents in need secure suitable accommodation as quickly as possible.

Furthermore, since the formal implementation of the Basic Housing Units Ordinance, three transitional housing projects under the Council successively received inquiries and applications from affected households. To gain a deeper understanding of their difficulties and needs, the Council attended meetings organized by advocacy groups and Legislative Council members to exchange views with residents, service teams, and transitional housing operators, assessing the impact of the Ordinance on grassroots households. Meanwhile, a cross-agency exchange platform was established to facilitate future collaboration and case follow-ups, helping affected households obtain timely, appropriate support and stable housing.

"Conference on Research and Advocacy"

The Council continued to organise Annual Conference on Policy Research & Advocacy, with the theme "People-Centric Future: Nurturing Future-Readiness and Data Analytics to Drive Organizational Transformation and Service Development". It set out to explore the application of technology and data to meet future challenges in service development. The conference invited 10 guest speakers from academia, the social welfare sector, and the business sector for cross-sector sharing. The conference featured sessions on "Organizational Transformation" and "Data Insights". Speakers shared opportunities and pain points encountered during digital transformation, emphasizing that successful digital transformation would require leadership support, the formulation of digital policies, and building consensus and support among staff. Digital transformation should not be one-off effort but demand sustainability consideration. Experts also analyzed social trends using annual big data, covering digital payment consumption patterns of older adults under the silver economy, key skill requirements for future talent, and suicide trends in Hong Kong. Facing Hong Kong's societal, economic, demographic, and technological changes, the social welfare sector must actively transform, utilizing data to address future service demands and service design, while enhancing practitioners' literacy in applied research and data utilization.

Strengthening Connections and Knowledge Exchange on Talent Development Within and Beyond the Sector

To enhance the sector's awareness and understanding of talent management and development, particularly among NGO managerial staff and HR professionals, the Council actively promoted cross-sectoral exchanges through various key events. Under the signature "Talent Insights Series" exchange platform, the Council partnered with LinkedIn to inspire NGO senior managerial staff with the latest talent trends and strategies for recruitment and development. Another session, co-organised with Nan Fung Group, focused on leading a transformation journey in performance management, including how adaptive practices were adopted to respond to shifting business environments and cultural needs.

Championing Awareness and Action on Workforce Strengthening

Strengthen the governance capabilities of NGOs

Over the past year, the NGO Governance Team was dedicated to enhancing sector-wide governance by leveraging extensive professional expertise and promoting active cross-sector engagement. In response to a rapidly evolving operating environment, we proactively equipped board members, committee leaders, and senior executives with specialized, up-to-date governance knowledge to effectively navigate complex compliance and strategic challenges. Recognizing that robust governance would require collective wisdom, we actively served as a vital bridge connecting NGOs with the business sector to drive meaningful and impactful collaboration.

"Diverse Governance For Empowerment" project

Organised by the Council and funded by the HKEX Foundation, the "Diverse Governance For Empowerment" project hosted a series of thematic sharing sessions, "The Dialogue Table" discussions, and a flagship symposium over the past year to foster cross-sector understanding and practice of governance excellence. Among these, the "Governance Symposium 2026: Co-creating the Future of Governance" brought together cross-sector insights from NGOs, corporate partners, and key stakeholders to jointly enhance governance capabilities, establishing a clear blueprint for the future development of NGO governance and driving sustainable, long-term social impact.

To build a robust governance support network

To build a robust governance support network, we actively expanded our strategic partnerships with corporate partners and professional bodies to deliver multi-faceted assistance to NGOs. Key initiatives included thematic training such as "Sustainable Futures: ESG Mastery for NGOs and SEs" in collaboration with EY Hong Kong, as well as the "Governance Connect" networking series partnered with Rotary International District 3450. These platforms enabled governance leaders to engage in deep dialogue with domain experts and gain strategic insights for growth.

透提升業界韌性與應變能力

面對政府推行《資源效率優化計劃》，本會積極擔當橋樑角色，持續與跨部門官員深入磋商，全面反映削減資助對社福機構發展的深遠影響。我們強調，社會服務並非純屬開支，而是具遠見的社會投資。唯有恪守民生根本，方能有效遏止社會問題惡化，維護社會長遠穩定。為配合勞工及福利局「拆牆鬆綁」的施政方向，本會主動建言獻策，提出多項具體優化方案，包括：簡化管理程序，精簡服務質素標準（SQS）的行政流程。賦權前線機構，靈活運用各項儲備金，大幅提升機構的自主性與營運彈性。資源重整，透過壓縮行政掣肘，將珍貴資源精準投放到前線直接服務。此外，本會主辦多場專題研討會與業界交流會，引領會員機構掌握儲備金管理、精準預算編制，以及人力資源重組的模型與架構，全方位提升業界的抗逆力與實務應變策略，攜手應對資源挑戰。

賦能中小型機構：搭建橋樑，深化能力建設，促成跨界協作

今年特別開辦專屬交流平台，安排小型機構代表與主要基金會進行深度會談，讓雙方直接對話，精確對接服務需求與資助期望，為未來跨界別的資源整合與長期合作奠定基礎。此外，透過「賽馬會友夥計劃」（JCBOS），本會促進機構參與高階專業培訓及專業顧問諮詢，並全力協助申辦機構發展資助。此舉不僅為機構拓展實質資金支援，更從根本上強化其組織韌性與營運效能。

資源共享

本會建立集體採購平台，與本地及內地採購平台（如「購美好」及「尊信會」）洽商，為機構會員爭取專享優惠及折扣。平台範疇廣泛，物資方面涵蓋辦公室家具設備、電子電器、燃料、行政用品、食品、醫療消耗品、防疫物資及清潔用品等；專業服務則涵蓋宣傳推廣、辦公室支援、銀行會計、小型裝修、資訊科技、物流、保險，以及法律和人力資源諮詢等。同時，本會與「順豐數智供應鏈解決方案」確立合作，推動涵蓋物流網絡、倉儲優化及大數據分析的一站式數碼化系統，以集體採購效益減輕營運負擔。

Strengthening Sector Capacity and Adaptability

In response to the Government's Productivity Enhancement Programme (PEP), the Council actively facilitated dialogue and high-level consultations with officials across departments to underscore the profound impact of funding reductions on social service agencies. We affirmed that social welfare is not a mere fiscal expenditure, but a visionary social investment. Safeguarding public livelihoods is essential to mitigating systemic social risks and maintaining long-term stability. In alignment with the Labour and Welfare Bureau's policy goal of "streamlining administrative procedures," the Council advanced concrete optimization proposals. These included simplifying Service Quality Standards (SQS) protocols, granting agencies greater flexibility in deploying reserves to enhance institutional autonomy and operational adaptability, and eliminating administrative impediments to direct vital resources straight to frontline services Furthermore, the Council organised a series of thematic seminars and knowledge-sharing sessions to facilitate agency members in mastering reserve management, precision budgeting, and organizational restructuring frameworks. This comprehensively fortifies the sector's adaptive capacity and strategic resilience against fiscal constraints.

Empowering Small and Medium-Sized NGOs and Resource Sharing and Matching

This year, a dedicated exchange platform was specially established to facilitate in-depth dialogues between representatives of small NGOs and major foundations. This direct communication allowed both sides to precisely align service needs with funding expectations, laying a solid foundation for future cross-sector resource integration and long-term collaboration. Furthermore, through the Jockey Club Broadening Outreach Scheme (JCBOS), the Council facilitated agenciess' participation in high-level professional training and consultancy services, while fully assisting applicant agencies in fundraising and grant development. This initiative not only expands concrete financial support for agencies, but also fundamentally strengthens their organizational resilience and operational effectiveness.

Resource Sharing

The Council has established a collective procurement platform and engaged with local and Mainland China procurement platforms, such as "GO Wonderful Co Ltd." and "Honour Club", to secure preferential pricing and discounts for Agency Members. The platform will cover supplies including office furniture and equipment, electronic and electrical appliances, fuel, office and administrative supplies, food, medical consumables, personal protective equipment, cleaning supplies, and other operational necessities. It will also cover professional services such as marketing and publicity, office support services, banking and accounting services, minor renovation works, cleaning, information technology support, logistics, insurance, legal and human resources consultancy, and other professional services. The Council has also partnered with "SF Supply Chain" to promote an integrated digital system covering logistics networks, warehousing optimisation and big-data analytics. Through collective purchasing efficiencies and streamlined supply-chain management, the initiative aims to reduce organisations' operating and administrative costs.

"Champions for Good Awards" - Striving for Excellence, Recognition, and Knowledge Sharing

The Council spearheaded the "Champions for Good Awards", successfully awarding 31 awards to commend outstanding services and innovative practices. Following the awards, the Council continued to drive sector exchange by hosting the "Learning and Sharing Session Series". These events gathered the practical experience and innovative methodologies of winning projects, benefiting more sector practitioners and deepening mutual professional learning. This also explores the future social service model, in preparation for the 'Centre of Excellence' with systematic knowledge organisation, and promotes the continuous development of the social service sector. Concurrently, the Council widely promoted the exemplary practices of these winning projects to the general public, including over 15 radio interviews on Radio Television Hong Kong (RTHK), more than 18 online feature articles on HKET "TOPick", and video and editorial feature releases on the Council's publication "HKCSS Channel" and "Scenario", significantly enhancing the visibility and social impact of the awarded initiatives.

Membership Management

This year, the Council processed 13 membership applications, with 7 approved and 6 rejected. The service scopes of the newly admitted agency members cover refugee and foreign domestic helper support, promoting gender equality through sports, elderly and child care, services for children with special educational needs (SEN) and their families, as well as mental health and parent-child relationship building, providing tailored support to disadvantaged and diverse communities. In addition, 8 agencies withdrew their membership during the year, primarily due to agencies' cessation or after assessing their participation status within the Council.

The Caring Company Scheme – Deepening Local Practice of Sustainability

Building on more than two decades of driving cross-sector partnership, the Caring Company Scheme aligns with international and local sustainability benchmarks to help businesses integrate the idea of sustainable and caring business into their core values. In 2024-25, 3,500 companies and organisations were awarded the Caring Company or Caring Organisation logos, reflecting a mature development of cross-sector collaboration. During the year, multiple capacity-building workshops engaged over 2,800 representatives from both business and social service sectors, inspiring continuous improvement in sustainable development and social impact. In response to the challenge faced by caregivers' rapid demographic shifts, the Scheme launched the first Caregiver-friendly Company/Organisation Logo, honouring 110 pioneer companies that established dedicated support policies for staff and community caregivers. Besides, the "Caring Business Achievement Report 2024/25" has been published, analysing sustainability participation metrics and trends across Hong Kong businesses to provide actionable, forward-looking insights for future strategic partnerships.

Leveraging Cross-Sector Networks for Emergency Response

In response to the Wang Fuk Court fire in Tai Po, the team swiftly mobilised Caring Company Scheme stakeholders to activate emergency resource allocation, raising HK$25,975,646.78 for the Support Fund to meet urgent needs. To demonstrate governance commitment, the Council fully absorbed all administrative and credit card processing fees, ensuring 100% of corporate donations are dedicated to the affected community. The first phase focused on emergency relief, disbursing HK$2,465,000 to five partner organisations for immediate support. This was followed by Phase Two, which focused on sustained recovery, allocating HK$4,490,860 to seven organisations for in-depth recovery services. As of early 2026, the fund supported 1,063 families and 1,376 residents, delivering 6,741 hours of professional frontline services—benefiting elders (37.2%), children and youth (19.8%), and foreign domestic helpers (2.5%). The remaining balance of HK$19,019,786.78 has been committed to an open call for proposals in the next financial year, funding forward-looking, medium-to-long term community support initiatives.

Stakeholder Engagement Activities – "Thematic Orientation: Partnering for Growth"

Mobilize Cross-Sector Resources for Impact

Impact Giving catalyzes in mobilizing resources and fostering cross-sector collaboration to address pressing social challenges. In 2025–26, we deepened collaboration with major corporate partners and foundations, leveraging the unique positioning of each programme to maximize social impact. Through close collaboration with the HKEX Foundation, Hongkong Bank Foundation, Link Together Initiatives and Operation Santa Claus, we channeled diverse resources to facilitate over HK$80 million in funding. These funds supported community projects dedicated to youth empowerment, health and well-being, social inclusion, active ageing and environmental sustainability. The "J.P. Morgan PathBuilders Program" officially concluded in July 2025, successfully empowering 480 sub-degree students, with over 220 youth securing career placements across six growing industries in partnership with 30 corporations.

Driving Social Innovation

As an intermediary of the Social Innovation and Entrepreneurship Development Fund, the Impact Incubator, managed by Impact Giving, continued to drive social innovation and deliver comprehensive incubation support. We empowered social enterprises at the growth and scale-up stages to develop sustainable solutions for poverty alleviation and social inclusion. To further strengthen the ecosystem, the team curated a series of dedicated support activities under the theme of sustainability, encompassing design thinking frameworks, financial resilience business clinics, funder dialogues, and community outreach events.

Empowering High-Quality Project Development

The Council partnered with technical experts to deliver Impact Measurement Workshops and tailored consultations, equipping project grantees with practical evaluation frameworks and data collection tools. Building on positive feedback, the "Innovation Level Up!" initiative was introduced again to guide 20 organizations through a hands-on design thinking journey. The programme uniquely introduced AI-assisted tools to optimize project development, helping NGOs craft high-quality, innovative proposals.

Connecting Diverse Stakeholders for a Collaborative Philanthropy Ecosystem

In alignment with the government's initiative to develop Hong Kong as a regional philanthropy hub, we partnered with CUHK Business School – Centre for Family Business and Stanford PACS to co-organize the inaugural "Essentials of Effective Philanthropy" executive programme, with Impact Giving contributing key insights as a local speaker. In addition, we transformed our funding programmes into dynamic co-learning networks. Through curated thematic site visits exploring the circular economy, SEN educational technology, and social venture models, alongside our annual Chinese New Year networking event, we connected hundreds of cross-sector stakeholders to cultivate a vibrant ecosystem for peer learning and collective impact.

推動行業發展：培育正念是釋放潛能的核心鑰匙

面對日益複雜的個案與社會需求，對於前線及中層管理人員而言，「創革」不僅意味著專業技術的提升，而是「培育正念」作深層次轉化，這有助在個人韌性與服務之間取得平衡，並在跨界別協作中開拓全新路徑。「助人自助」與「唯有善待自己，方能照護他人」是第三屆及第四屆「社會福利機構創革者培育計劃」的核心理念。計劃通過正念禪修、冥想、品茶以及與大自然聯結等多元化方式，協助「創革者」沉澱思緒，正視壓力源頭，感知自身需求，此類「身心靈健康」活動在當時獲得創革者積極反響。第五屆計劃於 2025 年 12 月正式啟動，主題為「同行共學，心燈長明」，特別增設「好好照顧自己系列」，在每次培訓營的前 15 分鐘引入穴位按摩「自療」環節，並邀請專業中醫師親臨講解基本養生概念，提供平和簡易的湯水食療建議。又藉電子通訊方式建立群組，定期分享「生活小錦囊」，如以二十四節氣解構人體與大自然氣候變化及天地萬物的內在聯繫，甚至邀請創革者自行編寫「斷捨離清單」，讓大家重新審視自我，在互動、沒對錯、沒批判的基礎下，與天地同行，重拾生命本質。

賦能青年共創 - 以創新點子成就社區發展

以設計思維（Design Thinking）為本，引導多項青年發展及賦權計劃下的參與學生認識社區，透過觀察與訪談建立同理心；如「領展中學生獎學金」，安排同學與少老（Young Old）進行面對面跨代交流，了解對方的處境及不同需求，為構建活齡社區提供創新方案。又或如在「滙豐香港社區夥伴計劃 — 社區創新大賽」，參與學生透過原型（Prototype）實踐方案，於「社創交流投票日」與社區人士及機構代表即場分享，交流意見及爭取持份者的支持，加強點子與現實社會接軌及可行性。青年透過意見交流，反覆嘗試、驗證、修訂，與持份者同行共創，培育跨界協作與解難能力，體驗社區發展歷程，為社區未來發展締造新動力。

Driving Industry Advancement: Cultivating Mindfulness as the Key to Unlocking Potential

To address increasingly complex cases and societal needs, "making changes" for frontline and middle management means not only enhancing professional skills, but also "nurturing mindfulness" for deep-seated transformation. This helps achieve a balance between personal resilience and service delivery, while opening up brand-new pathways in cross-sector collaboration. The core philosophies of the 3rd and 4th "NGO Changemaker Incubation Scheme" center on the principles of "caring for oneself is a prerequisite for caring for others." Through diverse modalities—including mindfulness, meditation, tea appreciation, and connecting with nature—the programme provided changemakers with the space to quiet their minds, confront the root causes of stress, and tune into their own needs. Launched in December 2025, the 5th cohort features a newly curated "Self-Care Series," incorporating a 15-minute "Self-therapy" acupressure session at the beginning of each training camp. Professional Chinese medicine practitioners are invited to explain fundamental wellness concepts and offer practical, accessible dietary and herbal soup recommendations. Furthermore, sharing the "Lifestyle Tips" such as using the 24 Solar Terms to decode the interconnectedness between the human body, climate fluctuations, and nature via desktop and mobile app. Changemakers are also encouraged to formulate their own "Decluttering Lists" to prompt self-reflection. Built on a foundation of peer interaction, mutual respect, and non-judgment, the programme enables participants to walk in harmony with nature and rediscover the essence of life.

Empowering Youth Co-Creation: Championing Community Development through Innovative Ideas

Rooted in Design Thinking, various youth development and empowerment initiatives guide participating students to immerse themselves in local communities, building deep empathy through structured observation and interviews. In the "Link Secondary School Scholarship" programme, students are engaged in face-to-face, intergenerational dialogues with the "Young Old." This enables them to thoroughly understand the circumstances and diverse needs of this demographic, allowing them to conceptualize novel solutions for an active-aging community. In the "HSBC Hong Kong Community Partnership Programme – Community Innovation Competition," participating students translate their ideas into practice through prototyping. They present their projects firsthand to community residents and institutional representatives during the "Social Innovation Exchange and Voting Day." This platform facilitates feedback loops and secures stakeholder support, thereby enhancing the real-world alignment and feasibility of their concepts. Through iterative cycles of feedback, testing, and refinement, youth co-create alongside key stakeholders. This process not only nurtures their capacity for cross-sector collaboration and complex problem-solving, but also provides them with a holistic experience of the community development journey, injecting sustainable momentum into the future of our communities.

During the year, we issued 28 press releases and authored over 40 column and commentary articles, securing extensive media coverage for HKCSS's views.

Cross-media promotional platforms

Leveraging cross-media platforms—including the "HKCSS Channel", "Scenario magazine", and various social media channels — we articulated the professional perspectives of HKCSS and the broader social welfare sector on critical social issues. These efforts enhance public and stakeholder understanding of diverse social service initiatives. Key special features throughout the year addressed pressing topics such as solo living trends, elderly care in the Greater Bay Area, grassroots financial literacy and anti-fraud awareness, gerontechnology, substance abuse, and various community support programmes.

管治架構
Governance

社聯的組織架構分為管治委員會和職員團隊，管治委員會掌管社聯的方向、發展、監察等職能；而職員團隊則負責日常運作，推動各項業務，以實踐社聯的使命和願景。

管治委員會共分三層，包括執行委員會、2 個常設委員會、4 個專責委員會。各層委員會成員主要由機構會員選舉產生，同時設有增聘委員，吸納社會上與社聯有相同願景的持份者參與。執行委員會亦按需要成立專責項目的督導委員會，督導有關工作的發展。

執行委員會現有 28 名成員，包括 16 名由機構會員在周年大會選舉產生，3 名來自常設委員會及香港復康聯會派出的代表，以及 8 名增聘委員。執行委員會設主席、副主席、義務司庫、義務法律顧問等職位。每兩個月召開一次會議，行政總裁及業務總監均列席會議。

2 個常設委員會分掌「社會發展」、「業界發展及財務」等核心業務。「社會發展」常設委員會下設 4 個專責委員會，處理不同範疇的服務及政策。

再者，社聯設立三個策略委員會，包括「共創策略委員會」、「人才發展策略委員會」及「善用科技策略委員會」，為推動社聯發展提供意見。

至於職員團隊方面，行政總裁主管機構的日常運作，並向執行委員會負責；行政總裁下設四位業務總監，分掌各項業務及工作部門。另外，社聯設有中央行政、人事及財務部門，協助行政總裁處理有關事務。

HKCSS operates on a 2-tier structure: a governing committee structure and a professional staff team. The Governing Committees steer the direction and oversee the development of HKCSS, ensuring accountability. At the same time, the staff team is responsible for the daily operations of the four core businesses in pursuit of the organisation's mission and vision.

The Governing Committee has three levels, including an Executive Committee, 2 Standing Committees and 4 Specialized Committees. Committee members are nominated and elected by Agency Members. Co-opted members are also invited to serve on the committees. The Executive Committee also sets up Steering Committees to govern related projects on an as-needed basis.

The Executive Committee currently has 28 members, of whom 16 were elected at annual general meetings, 3 from the Standing Committees, and 8 co-opted members. The Executive Committee includes the office bearers: Chairperson, Vice Chairpersons, Honorary Treasurer, and Honorary Legal Adviser. The ExCo meets every two months, and the Chief Executive and all business directors are required to attend.

The 2 Standing Committees oversee our core businesses: "Social Development", "Sector Development and Finance". Under the Social Development Standing Committee are 4 Specialised Committees on different areas of services and policies.

Moreover, 3 Strategy Committees have been set up to advise the Council on its strategic development, including "Strategy Committee on Co-Creation", "Strategy Committee on Talent Development" and "Strategy Committee on Tech-Enablement".

As for the staff team, the Chief Executive oversees the Council's daily operations and reports to the Executive Committee. Under the Chief Executive, there are four business directors overseeing various businesses and working units. HKCSS is also equipped with central administration, human resources and finance departments to provide professional assistance to the Chief Executive.

香港社會服務聯會 (社聯) 財務報表，由李湯陳會計師事務所審核，真實而公平地反映社聯於 2026 年 3 月 31 日的財務狀況。

財政收入來源

社聯於 2025-26 年度錄得總收入 2.317 億元，較去年 (2.226 億元) 上升約 4%。收入方面，來自政府資助的款項為 7,280 萬元，當中包括社會福利署撥款 4,998 萬元、政府項目計劃撥款 2,207 萬元，以及獎券基金 (大額補助金) 撥款 75 萬元。另外，公益金基綫及一次性項目撥款共 626 萬元。

政府及公益金的經常性撥款

本年度，政府的經常性撥款約佔社聯總收入的 21.6%。與去年相比，社會福利署整筆撥款微跌約 0.4%，獎券基金撥款則微升約 2.7%，而公益金 (基綫撥款) 則保持不變。

項目計劃總收入及支出

2025-26 年度，社聯的專項活動計劃共獲得資助及撥款 1.57 億元。主要來源包括政府部門撥款 0.22 億元、香港賽馬會慈善信託基金捐贈 0.05 億元，以及項目計劃撥款和收入 1.30 億元（按年微增 11.11%，去年為 1.17 億元）。這些資金全數用於資助社聯的逾 40 個項目計劃的直接開支。計入上年度「專項活動計劃」的餘款儲備，本年度的項目計劃總支出約為 1.46 億元。

全年支出

社聯本年度的營運支出總計為 2.281 億元，較上年度（2.211 億元）上升約 3.2%。全年支出主要包括：社聯營運支出 7,361 萬元，社聯及其子公司項目計劃支出 1.46 億元，社聯社企有限公司營運支出 377 萬元，大廈管理處營運支出 468 萬元，以及互聯網學習資源中心營運支出 9,765 元。

總收入及支出

2025-26 年度，社聯的綜合盈餘約為 495 萬元 *。盈餘組成包括：社聯（372萬元）、大廈管理處（18萬元）及互聯網學習資源中心有限公司（3.3萬元），而社聯發展基金則錄得盈餘130萬元。社聯社企有限公司則錄得28萬元的赤字。

* 備註：盈餘中約 132 萬元為「未實現收益」（Unrealized Gain），此乃根據香港會計準則，將社聯及社聯發展基金所持有的長期投資股票按 2026 年 3 月 31 日的公允價值入賬所致。

The Financial Statements for the year ended 31 March 2026 of The Hong Kong Council of Social Service (HKCSS) were audited by Li, Tang, Chen & Co., Certified Public Accountants (Practising), and give a true and fair view of the financial position of HKCSS as at 31 March 2026.

Income Source

HKCSS recorded a total income of $231.7 million for the 2025-26 fiscal year, marking an increase of approximately 4% compared to the previous year's $222.6 million. The income includes $72.80 million in government grants: $49.98 million from the Social Welfare Department (SWD) Lump Sum Grant, $22.07 million from government project grants, and $0.75 million from the Lotteries Fund (Block Grant). Furthermore, a total of $6.26 million was received from the Community Chest for its baseline and one-off project allocations.

Recurrent funding from the Government and the Community Chest
Recurrent funding from government subvention accounted for 21.6% of HKCSS's total income. While the SWD Lump Sum Grant subvention dropped slightly by 0.4% compared to the previous year, the Lotteries Fund increased slightly by 2.7% and the Community Chest (Baseline Allocation) funding remained unchanged.

Project Income and Expenditure

For the 2025-26 period, HKCSS obtained $157 million in total project grants and funding for special activity projects. This funding included $22 million from government departments, $5 million from the Hong Kong Jockey Club Charities Trust, and $130 million from other project income (11.11% increase from $117 million in the previous year). All of these funds were fully dedicated to subsidizing the direct expenses of over 40 projects under HKCSS. When combined with funds carried forward from the previous year, the total Project Expenditure reached approximately $146 million.

Total Expenditure

Total expenditure amounted to approximately $228.1 million, a 3.2% increase from the previous year's $221.1 million. This full-year expenditure included $73.61 million for HKCSS general operating costs, $146 million for total project expenses, $3.77 million for HKCSS Social Enterprise Limited (ITRC) operations, $4.68 million for the Building Management Office (BMO), and $9.77 thousand for the Internet Learning Resource Centre Limited (ILRC).

Total Income & Expenditure

HKCSS recorded a consolidated surplus of approximately $4.95 million* in 2025-26. This surplus was primarily driven by positive balances from HKCSS ($3.72 million), the BMO ($0.18 million), the ILRC ($0.03 million), and the HKCSS Development Fund ($1.30 million). However, the HKCSS Social Enterprise Limited recorded a $0.28 million deficit.

*Note: The consolidated surplus includes an unrealized gain of approximately $1.32 million. This reflects the fair value of long-term investment securities held by HKCSS, which is required to be recognized as of 31 March 2026, under Hong Kong Financial Reporting Standards.

儲備及基金結餘

截至 2026 年 3 月 31 日，社聯的累積基金結餘為 2,087 萬元（低於去年的累積基金結餘 2,902 萬元）。整筆撥款儲備為 1,846 萬元及公積金儲備為 399 萬元，這些儲備將用作應付社聯未來的財務承擔。

Reserve and Fund Balances

The Fund Balance of HKCSS reached $20.87 million as of 31 March 2026, down from the previous year's balance of $29.02 million. The Lump Sum Grant Reserve amounted to $18.46 million, while the Provident Fund Reserve totaled $3.99 million. These funds will be utilized to fulfill future financial commitments.
