

HKCSS Most Impactful Small and Medium-sized Non-subvented NGO Award 2019

Details of Briefing Session cum Workshops

Two workshops will be held as supplementary activities, where various speakers are invited to share on the topics related to organization development. Through learning and sharing, agencies can review the retrospect and prospects of their organization development. The interactive workshops aim at providing real case sharing and tools from speakers for participants to practice and apply.

Workshop (2) : Development and Prospects – Self-assessment of Organization Status and Future Development Strategy

Resources are always limited regardless of the scale of organization. Creating the most impact by using limited resources is a pressing concern of management level. The workshop aims at stimulating the participants to make an all-rounded decision and set a longer-term development plan when they operate their organization.
